

UNITED STATES NAVY

MEDICAL NEWS LETTER

Rear Admiral Bartholomew W. Hogan MC USN - Surgeon General
Captain Leslie B. Marshall MC USN (RET) - Editor

INDEX

Volume 32, Numbers 1 - 12
4 July through 19 December 1958

- ABC WARFARE DEFENSE - 4 weeks' course for Medical officers, San Francisco, Calif., January 1959, 7:25
- Accidents among women, fatal, 7:36
- Acetazolamide (Diamox) therapy in chronic glaucoma, 2:14
- ADA President Elect - Honorary Consultant to Surgeon General, 7:35
- Adenomyosis, reappraisal of symptomatology, 11:8
- Administration of Naval Reserve for fiscal year 1959, 9:30
- Aeronautical adaptability, 4:29
- Aircraft accident reporting, new form, OpNavInst. 3750.6C, 4:32
- Anemia, aplastic, analysis of 50 cases, 7:5
- Anesthesia
expired air resuscitation, oxygen, and carbon dioxide exchange and energy cost of, 3:22
heat sterilization of spinal anesthetic ampuls, 1:3
- Anniversary
Dental Service, 1:30
greetings from the Surgeon General, 2:27
- Aorta, coarctation of, murmurs in, origin and interpretation of, 12:6
- Artificial respiration for children and adults, mouth to mouth versus manual, 5:26
- Aspirating syringe being adopted, 12:25
- Aspects of a hearing conservation program, 2:19
- Audiometry, military, problems in (veterans' compensation in hearing loss), 1:21
- Aviation medicine, seminar in, Pensacola, May 1958, 3:23
- Aviator, Naval Flight Surgeon, vacancies for, 4:33, 8:32
- Aviators' sunglasses, prescription for, 12:38
- BAGASSOSIS - review with historical data, studies of pulmonary function, and results of adrenal steroid therapy, 6:6
- Barriers to employment of a cardiac, 9:23
- Beryllium poisoning, chronic, 7:20
- Biopsy, muscle, diagnostic significance of, 10:19
- Blood
aplastic anemia, analysis of 50 cases, 7:15
copper sulfate solutions for hemoglobin determinations, 9:26
hematologic findings after therapeutic doses of Gallium⁷², 7:3
- Board Certifications, American,
inactive Reserve officers, 4:23
active, USN, USNR, 6:26
Dental officers, 9:30
- Bone, giant-cell tumor of, 9:17
- Breast
late local recurrent carcinoma of, 6:13
cystic disease, treatment of, 8:8
- Bronchogenic carcinoma and silicosis, 1:23
- Burns, excision of more than 25% of body surface, 8:11
- CANCER
carcinoma of the duodenum, 1:18
carcinoma of the pancreas, radiation therapy of, report on 91 cases, 11:11
carcinoma of the stomach in Hiroshima, Japan, 1:7
clinicopathological correlations in 117 malignant melanomas in adults, 9:9
giant-cell tumor of bone, 9:17
intrapulmonary hematoma, "coin lesion", 5:10
leukemia, treatment of, 12:8
- Cancer (continued)
rectum and colon, improving end results in, 5:15
sarcoma of mammary gland, 3:16
silicosis and bronchogenic carcinoma, 1:23
- Cardiology
barriers to employment of a cardiac, 9:23
cardiac glycosides in medical practice, 8:14
cardiac rehabilitation, survey of opinions, 3:12
digoxin, use of in infants and children, 7:12
murmurs in coarctation of the aorta, origin and interpretation of, 12:6
myocardial infarction, postoperative, 9:15
racial incidence of coronary vascular disease, 5:7
surgery associated with pregnancy, 8:16
- Casualty
training exhibited in Brussels, summer 1958, 3:29
treatment, training in, Naval Dental School, 5:32
- Casualties, treatment of in chemical warfare, 2:31
- Catalog of correspondence courses, Medical Department, 4:29
- Chemical
injuries to the eye, water treatment in, 9:24
warfare casualties, treatment of, 2:31
- Chemotherapy of tuberculosis, 17th Veterans Administration-Armed Forces Conference on, 3:31
- Chest
bagassosis, review with historical data, studies of pulmonary function, results of steroid therapy, 6:6
chronic pleural empyema, surgical treatment of, 4:11
coal miners' pneumoconiosis, 12:13
empyema complicating pulmonary tuberculosis, 7:7
intrapulmonary hematoma, circumscribed, presenting as "coin lesion", 5:10
pectus excavatum, appraisal of surgical treatment, 12:15
pulmonary diseases associated with atypical acid-fast bacilli, 5:38
roentgen patterns of pulmonary sarcoidosis, uncommon, 10:12
roentgenogram and related x-ray radiation effects, 7:35
shock in myocardial infarction, 2:2
- Christmas
fire-safe, make this! 11:39
noisy night before, 12:40
- Circulation, osmotic diuretic treatment of refractory edema, 3:8
- Cirrhosis
postnecrotic, 8:2
surgery of portal of the liver, 2:16
- Civilian institutions, applications for training in, 4:20
- Clinicopathological correlations in melanoma, 9:9
- Cold weather medicine
Navy problems in, 10:19, 11:16
windchill charts, 12:35
- Colon, improving end results of cancer of, 5:15
- Color vision testing, aviation, 12:39
- Component in Reserve Force, new, 6:30
- Congenital hypothyroidism, study of 49 cretins, 6:10
- Contingency option act and aid to dependents, 3:31
- Copper sulfate solutions for hemoglobin determinations, 9:26
- Correspondence courses, Reserve and Medical, 4:28
- Corticosteroids in treatment of skin disease, 10:6

Note: Figures indicate Number and Page in Volume 32. For example, ABC WARFARE DEFENSE - 4 weeks' course for Medical officers, San Francisco, Calif., 7:25, indicates that this item may be found in Vol. 32, No. 7, Page 25.

Cretinism, observations on and treatment, 9:16
Cystic disease of the breast, treatment of, 5-18 year survey, 8:8
Cytomegalic inclusion disease generalized with emphasis on Roentgen diagnosis, 6:12

DECK FOOT, 8:18

Dental

anniversary greetings from the Surgeon General, 2:27
appointment card, BuMed Notice 6620, 5:33
care means dental health, relation of frequency and regularity of dental visits to dental health, 11:23
care, Navy FY 1958, 4:27
education, Tennessee four quarter plan, 1:15
examination program of American Board of Prosthodontics, 10:30
exhibit, ADA meeting, Dallas, November 1958, 8:29
extension courses, Naval Dental School, 9:29
facilities and materiel programs, 6:29
Service, 26th anniversary, 1:30
Service report, supplement to, erroneous submission of, 3:29
technician training, applications wanted, 9:30
tooth-brush habit, 7:36

Dentistry

abnormal jaw relations, prosthetic restorations with, 5:19
aspirating syringe adopted, 12:25
drugs for post-extraction pain studied at Great Lakes, clinical evaluation of analgesic drugs, 11:23
fluoridation at Pearl Harbor, 1:30
high-speed dental radiographic film, 6:29
practical methods for good dental x-ray practice, 2:28
sterilization and disinfection of handpieces, 12:25

Dentist's experiences and problems with subperiosteal implants, 8:28

Dependents, aid to, and contingency option act, 3:31

Dermatology

nevi, recurrence of after incomplete removal, 4:7
syphilis today, the problem of, 5:12
topical and systemic use of corticosteroids in treatment of skin diseases, 9:6

Designator changed, Medical Ensign USNR, 3:30

Diabetes, oral treatment of, trial of phenethyldiguanide, Brit. Med. J., 4:16

Diagnostic criteria of congenital hypothyroidism, study of 49 cretins, 6:10

Digoxin in infants and children, use of, 7:12

Domestic pets, possible transmission of poliomyelitis by, 2:34

Drugs, stimulating, pros and cons of, 8:33

Duodenal ulcer, elective operations for, results of survey in selected Ohio hospitals, 7:14

Duodenum, carcinoma of, 1:18

ECHO VIRUSES, their role in human disease, 4:5

Ecology of equine encephalomyelitis, 2:35

Edema, refractory, osmotic diuretic treatment of, 3:8

EDTA in excessive lead absorption, 9:21

Empyema

complicating pulmonary tuberculosis, 7:7
pleural, chronic, surgical treatment of, 4:11

Encephalitis, arthropod borne in the U.S., 10:10

Epidemiological studies of pulmonary diseases associated with atypical acid-fast bacilli, 5:38

Epidemiology

equine encephalomyelitis, ecology of, 2:35
hospital environment and staphylococcal disease, 1:37

Epidemiology (continued)

influenza, type A, (Asian or Far East), 7:31
poliomyelitis, possible transmission by pets, 2:34
rabies, current status of in U.S. Summary Report, Great Lakes Regional Conference on Rabies, 9:36
staphylococcal infections in hospitals, steps recommended to curb, 10:25
staphylococcus infections, prevention and control of in hospitals, 5:3
streptococcal diseases, prevention of in Naval Service, complications and sequelae, 11:30
streptococcal infections, mass prophylaxis of epidemic infections at a naval training center, winter 1956-1957, 3:3
syphilis, problem of today, 5:12
tuberculin sensitivity, studies of, 10:39
tuberculosis today, treatment of five-year report, 4:13
in U.S., arthropod borne encephalitis, 10:9
venereal diseases, recent advances in study of, 5:37

Epoxy resins, health hazards of, 1:22

Encephalomyelitis, equine, ecology of, 2:35

Environmental sanitation, course for MSW's, Univ. of Calif., Berkeley, January 1959, 3:24

Excision of more than 25% of body surface in extensively burned patient, 8:11

Excision, simple, of the unattached lamina for spondylolysis, 1:9

Expired air resuscitation, oxygen and carbon dioxide exchange and energy cost of, 3:22

Exploration of vascular injuries, early, importance of, 5:18

Eye

chemical injuries, water treatment in, 9:24
safety equipment, 9:22

FACILITIES and materiel programs, Dental, 6:29

Film release, 5:28

Films concerning medical defense against chemical warfare, 12:21

Fire prevention week, Oct 5, 1958, 7:39

Fires and explosions in the operating room, 2:37

Flight surgeon's activities, 12:29

Fluoridation at Pearl Harbor, 1:30

Fluorescent light, effect of on vision, 9:22

Food service, Navy, preparation of turkeys, 7:39

Foods in vending machines, new processing, packaging, storing, and vending, 5:35

Foot, industrial injuries of, 10:22

Formulas for newborn infants, 2:38

Frankenstein's monster was a powderpuff, motor accidents, 1:39

"G" and "U" - Marine Corps Air Station, Quantico, Va., 4:38
Gallium⁷², hematologic findings after therapeutic doses of, 7:3

Gantrisin for urinary infections, 1:5

Gastroduodenal hemorrhage, massive, therapy for - a statistically valid comparison, 11:12

Gastroenterology, carcinoma of the duodenum, 1:18

Geriatrics, tuberculosis, a disease of old age, 2:9

Giant-cell tumor of bone, 9:17

Glaucoma, chronic, acetazolamide therapy in (Diamox), 2:14

Glycosides, cardiac in medical practice, 8:14

Grand multiparas, study of 812, 1:11

Great Lakes Surgical program approved, 12:19

HABITUATING DRUGS, occupational aspects of in industry, 5:26

Hazards

in the operating room from fires and explosions, 2:37

- Hazards (continued)
 of scuba diving, 6:2
 Head, injuries to, 11:15
 Health
 hazards of epoxy resins, 1:22
 and safety in transportation, 6:15
 Hearing loss, audiometry, military, problems in (veterans) 1:21
 Heat
 sterilization of spinal anesthetic ampuls, 1:3
 stroke, atypical with hypernatremia, acute renal failure, and fulminating potassium intoxication, 5:27
 Hematologic findings after therapeutic doses of gallium⁷² 7:3
 Hemotoma, intrapulmonary, presenting as "coin lesion", 5:10
 Hemoglobin determinations, copper sulfate solutions for, 9:26
 Hemorrhage, gastroduodenal, a statistically valid comparison, results of three methods of therapy, 11:12
 Highspeed dental radiographic film, 6:29
 Historical fund of the Navy Medical Department, 1:2, 3:2, 5:2, 7:2, 9:2, 11:2
 Hospital environment and staphylococcal disease, 1:37
 Hospitals,
 prevention and control of staphylococcus infection in, 7:3
 steps recommended to curb staphylococcal infections in, 10:25
 Hydrocarbon pneumonitis, 9:14
 Hydrogen peroxide, hazards in handling, 5:25
 Hypoxia, hyperventilation of CO₂, (Aviation Medicine), 4:39
 IDIOPATHIC thrombocytopenic purpura, treatment of and review of 93 cases, 5:22
 Immunization, international travel information concerning, revision of, 5:36
 IN MEMORIAM, 1:27, 4:18, 8:23
 Induction and separation examinations (Dental), 6:29
 Infections
 gantrisin for urinary, 1:5
 staphylococcal and their management, 9:5
 staphylococcus, prevention and control of in hospitals, 5:3
 Infectious mononucleosis, treatment of, 2:7
 Influenza Type A (Asian or Far East), 6:31
 Instructions, BuMed
 6250.6 - Pest control at naval hospitals, 5:31
 6230.8C - Poliomyelitis vaccine use of, 5:31
 6010.1B - Stay in hospitals, length of by military patients, 7:31
 67700.1A - Medical and dental equipment, maintenance and repair programs, 10:29
 6730.1A - Noise protection ear plugs, procurement and fitting of, 10:29
 7330.2 - Checkage of hospital rations, active duty Navy and Marine Corps officers, 12:24
 Internal medicine, subspecialty training in, 12:19
 Iron as a therapeutic agent in pediatric practice, 3:14
 JAW RELATIONS, abnormal, prosthetic restorations with, 5:19
 Jet engine noise and loss in human hearing, 1:19
 KERATOPLASTY, penetrating, observations on 148 cases with emphasis on techniques of graft fixation, 10:14
 Kidney
 nephrotic syndrome in adults, a common disorder, 11:5
 Kidney (continued)
 oral treatment of diabetes, trial of phenethyl diguanide, 4:16
 LEAD ABSORPTION, use of EDTA, 9:21
 Legal medicine, NavPers 10776, 1:33
 Leukemia, treatment of, 12:8
 Liver
 subacute hepatic necrosis and postnecrotic cirrhosis due to anicteric infections with hepatitis virus, 8:2
 surgery of portal cirrhosis of, 2:16
 MANAGEMENT
 Navy, MSC training in 3:25
 and preventive medicine, course, NNMC, 7:27
 Mass prophylaxis of epidemic streptococcal infections, experience at naval training center, winter 1956-1957, 3:3
 Melanoma, clinicopathological correlations in, 9:9
 Meningitis due to mima polymorpha, 7:37
 Military
 audiometry, problems in, 1:21
 industrial vision seminar, 2:30
 Surgeons of the U.S., 65th annual meeting, of, 9:24
 Mineralocorticoid excess, syndrome of, 3:6
 Modern warfare, atomic weapons, management of mass casualties, ABC warfare defense, courses in, 11:20
 Mononucleosis, infectious, treatment of, a review of 1500 cases, 2:7
 Motor vehicle accidents
 1957, 4:2
 seat belts in actual crashes, 2:32
 Mouth-to-mouth versus manual artificial respiration, 5:26
 MSC
 guest lecture series, NNMC, 1958-1959, 8:21
 training, applications for, 10:24
 Multiparas, study of 812, 1:11
 Murmurs in coarctation of the aorta, origin and interpretation of, 12:6
 Muscle biopsy, diagnostic significance of, 10:10
 Myeloscintigraphy, a useful procedure for localization of spinal block lesions, 3:11
 Myocardial infarction
 postoperative, 8:15
 shock in, 2:2
 Myxomatous tumors of the jaws, 10:17
 NAVAL WAR COLLEGE publication available to inactive NR MD officers, 5:33
 NDS short graduate courses, 1958-1959, 5:32
 Nephrotic syndrome in adults, a common disorder with many causes, 11:5
 Nevi, recurrence after incomplete removal, 4:7
 Newborn infants, formulas for, 2:38
 NMS manuals, 1:28
 Noise
 jet engine and loss in human hearing, 1:19
 practical aspects of a hearing conservation program, 2:19
 Note Book from the
 1: 25, 2:21, 3:25, 4:18, 5:29, 6:24, 7:27, 8:23, 9:27, 10:25, 11:21, 12:22
 Notices, BuMed
 6310 - Morbidity report, Ch-1, 7:31
 6230 - Poliomyelitis vaccine, use of, 7:31
 6750 - Higher-speed dental units, conversion of, 10:28
 Nuclear
 nursing course, a Navy first, 7:26

Nuclear (continued)

nursing, for Regular and Reserve NC officers, 12:21

OBSTETRICS and gynecology

adenomyosis, reappraisal of symptomatology, 11:8
American Board examinations, 8:21, 11:19
cardiac surgery associated with pregnancy, 8:16
grand multiparas, study of 812, 1:11
pregnancy after pneumonectomy, 9:19
promethazine as an adjunct to obstetrical analgesia and sedation, 500 cases, 3:18
Stein-Leventhal Syndrome, 9:12

Occupational medicine

atypical heat stroke with hypernatremia, acute renal failure and fulminating potassium intoxication, 5:27
audiometry, problems in military, 1:21
bagassosis, historical data and results of steroid therapy, 6:6
barriers to employment of a cardiac, 9:23
beryllium poisoning, chronic, 7:25
cold weather medicine, Navy problems in, 10:19, 11:16
course in, University of Maryland, Oct. 1958, 4:21
EDTA in excessive lead absorption, 9:21
epoxy resins, health hazards of, 1:22
expired air resuscitation, 3:22
eye safety equipment, 9:22
fluorescent light, effect on vision, 9:22
habituating drugs, aspects of, the problem in industry, 5:26
health hazards, 3:33
hearing conservation program, practical aspects of 2:19
hydrogen peroxide, hazards in handling of, 5:25
industrial medicine, the newest specialty, 6:21
injuries of the foot, 10:22
jet engine noise and loss in human hearing, 1:19
ophthalmology, industrial, recent advances in, International Congress on Occupational Health, Helsinki, Finland, 1957, 1:21
pesticides, changing patterns in, 10:35
Scientific Assembly of AMA, San Francisco, June 1958, 3:20
silicosis and bronchogenic carcinoma, 1:23
threshold limit values, 6:21
vision, military industrial seminar, 2:30
water in emergency treatment of chemical eye injuries, 9:24

Operation alert, Reserve HC division participates in, 2:30

Ophthalmology

acetazolamide (Diamox) therapy in glaucoma, 2:14
eye safety equipment, 9:22
ophthalmia neonatorum, prophylaxis of, 2:39
industrial, 1:21
penetrating keratoplasty, observations on 148 cases with emphasis on graft fixation techniques, 10:14

Oral

surgery, myxomatous tumors of the jaws, 10:17
treatment of diabetes with phenethylidiguanide, 4:16

Osmotic diuretic treatment of refractory edema, 3:8

Otolaryngology, practical aspects of a hearing conservation program, 2:19

Otology, jet engine noise and loss in human hearing, 1:19

PAIN, postextraction, analgesic drugs for, 11:23

Pancreas, radiation therapy in carcinoma of, 11:11

Parathyroid crisis, 5:21

Parotitis, surgical, 2:18

Pathology, carcinoma of the stomach in Hiroshima, Japan, 1:7

Pay scale, special for certain junior officers, 5:34

Pectus excavatum, appraisal of surgical treatment, 12:15

Pediatrics

diagnostic criteria of congenital hypothyroidism, 6:10
digoxin, use of in infants and children, 7:12
formulas for newborn infants, 2:38
iron as a therapeutic agent, 3:14
poison control center in a community hospital, mechanics of establishing, 1:13
prophylaxis of ophthalmia neonatorum, 2:39
pulmonary emphysema of infancy, 2:12
rheumatic pneumonitis, report on clinical and laboratory findings in 23 patients, 11:6
salicylate problem with reference to methyl salicylate, 7:9
tuberculin test, practical value of, 1:34

Penicillinase proved allergy to penicillin in poliomyelitis vaccine, 10:35

Peptic ulcer, medical management of, 10:2

Pesticides, changing patterns in, 10:35

Pharmacy technique, applications for instruction in, 12:20

Phospholipids, serum, genetic and environmental influence, 8:6

Pleural empyema, chronic surgical treatment of, 4:11

Pneumoconiosis, coal miners', 12:13

Pneumonitis, rheumatic, clinical and laboratory findings in 23 patients, 11:6

Poison control center, establishment of in a community hospital, 1:13

Poisoning

chronic beryllium, 7:20
salicylate problem, reference to methyl salicylate, 7:9

Poliomyelitis, possible transmission by domestic pets, 2:34

Portal cirrhosis of the liver, surgery of, 2:16

Postgraduate short courses for Naval MD officers (sponsored by USA), 2:23, 4:22

Postnecrotic cirrhosis, 8:2

Pregnancy

cardiac surgery associated with, 8:16
pneumonectomy for pulmonary tuberculosis, study of 74 pregnancies in the Netherlands, 9:19

Pressure suit protection, partial (Aviation Medicine), 8:37

Preventive medicine and management, Navy course, NNMC, Sep 1958, 7:27

Promethazine as an adjunct to obstetrical analgesia and sedation, 500 cases, 3:18

Promotion

of Naval Reserves, eligibility, selection, qualification, and appointment, 11:24
zones and convening dates of selection boards, 10:33

Prosthetic restorations associated with abnormal jaw relations, 5:19

Prosthodontics, examination program of American Board, 10:30

Publication available to Ensigns 1915, Armed Forces Medical Journal, 10:34

Publications, informative for Reservists, 6:31

Pulmonary

bagassosis, review with historical data, studies of pulmonary function, results of steroid therapy, 6:6
diseases associated with atypical acid-fast bacilli, 5:38
emphysema of infancy, localized, 2:12
tuberculosis, empyema complicating, 7:7

- Purpura, idiopathic thrombocytopenic, treatment of, review of 93 cases, 5:22
- RABIES, status of in U. S., Feb 1958, 9:36
- Racial incidence of coronary vascular disease in Africa, 5:7
- Radiation
 carcinoma of the pancreas, therapy of, report on 91 patients, 11:11
 chest roentgenogram and related x-ray, 6:35
 scintiscanning, symposium on, NMS, Oct 1958, 4:21
- Radiography
 high-speed dental film, 6:29
 myeloscintigraphy, useful procedure for localization of spinal block lesions, 3:11
- Radiology
 coal miners' pneumoconiosis, 12:13
 cytomegalic inclusion disease with emphasis on roentgen diagnosis, 6:12
 radiobiology course for Medical officers, 12:18
 hydrocarboa pneumonitis, 9:14
 x-ray practice, dental, practical methods for, 2:28
- Rectum and colon, cancer of, improving results of, 5:15
- Recurrent carcinoma of the breast, late, 6:13
- Research reports, recent, 2:26, 4:24, 6:27, 8:25, 10:27
- Residency training applications, 9:25
- Resuscitation, expired air, oxygen and carbon dioxide exchange and energy cost of, 3:22
- Retirement
 pay, increase provided by pay raise, 7:33
 point credit for attending professional meetings, Reserve, 3:29
 point credit for attending professional meetings in dermatology and syphilology, 5:33
 voluntary, U. S. N., 2:23, 4:17, 8:19
- Rheumatic pneumonitis, clinical and laboratory findings, 11:6
- Ristocetin, effects and side effects, 3:27
- Roentgen patterns, uncommon, of pulmonary sarcoidosis, 9:12
- RORA, new department, formerly ROPRA, 10:32
- SAFETY
 artificial respiration for children and adults, mouth-to-mouth versus manual, 6:26
 chest roentgenogram and roentgenographic surveys related to x-ray radiation effects and protection from, 6:35
 equipment, eye, 9:22
 fires and explosions in the operating room, 2:37
 Frankenstein's monster was a powderpuff, motor vehicle accidents, 1:39
 and health in transportation, 6:15
 make this a fire-safe Christmas, 11:39
 motor vehicle accidents, 1957, 4:2
 noisy night before Christmas, 12:40
 occupational health hazards, 4:33
 seat belts in actual crashes, 2:32
 turn signals, what you should know about use of, 6:38
- Salicylate problem with reference to methyl salicylate, 7:9
- Sarcoidosis
 clinical observation on 160 cases, 12:10
 pulmonary, uncommon roentgen patterns of, 9:12
- Sarcoma of the mammary gland, 3:16
- Scuba diving, hazards of 6:2
- Selection boards, promotion zones, convening dates, 10:33
- Serum
 amylase determination, significance of, 2:4
 phospholipids, influences of, 8:6
- Sharks, shook up by (Submarine Division), 1:24
- Shock in myocardial infarction, 2:2
- Silicosis and bronchogenic carcinoma, 1:23
- Simple excision of unattached lamina for spondylolysis, 1:9
- SPECIAL NOTICE, 8:3, 9:3, 10:3, 11:3
- Special weapons symposia, medical, Nov 1958, Mar 1959, 5:34
- Spinal
 anesthetic ampuls, heat sterilization of, 1:3
 block lesions and myeloscintigraphy, 3:11
- Staphylococcus
 disease and hospital environment, 1:37
 infections and their management, 9:5
 infections in hospitals, prevention and control of, 5:3
 infections in hospitals, steps to curb, 10:25
- Sterilization and disinfection of handpieces, dental, 12:25
- Stein-Leventhal syndrome, 9:12
- Stimulating drugs, pros and cons of, 8:33
- Stomach, carcinoma of in Hiroshima, Japan, 1:7
- Streptococcal
 diseases and their complications and sequelae in the Naval service, prevention of, 11:30
 infection epidemics, mass prophylaxis of at Naval training center, 3:3
- Stress fractures, 12:3
- Submarine
 diving medicine, research Reserve seminar in, 7:33
 medicine, opportunities in, 8:19
 medicine technic training, applicants desired, 8:20
- Subperiosteal implants, dentists' experiences with, 8:28
- Sunglasses for Naval aviators, prescription for, 12:38
- Surgery
 carcinoma of the duodenum, 1:18
 cardiac, associated with pregnancy, 8:16
 clinicopathological correlations in series of, 1:17
 malignant melanomas of the skin of adults, 9:9
 elective operations performed for duodenal ulcer with their mortality, results of survey in Ohio hospitals, 7:14
 fire and explosion hazards in the operating room, 2:37
 giant-cell tumor of bone, 9:17
 hemorrhage, gastroduodenal, a statistically valid comparison, results of 3 methods of therapy, 11:12
 injuries to the head, 11:15
 myocardial infarction, postoperative, 8:15
 myxomatous tumors of the jaws, 10:17
 parotitis, 2:18
 pectus excavatum, appraisal of surgical treatment, 12:15
 penetrating keratoplasty, techniques in graft fixation, 10:14
 pleural empyema, treatment of chronic, 4:11
 portal cirrhosis of the liver, 2:16
 pulmonary emphysema of infancy, localized, 2:12
 rectum and colon, improving end results in cancer of, 5:15
 recurrent carcinoma of the breast, late local, 6:13
 sarcoma of the mammary gland, 3:16
 serum amylase determination, significance of, 2:4
 spondylolysis, 1:9
 tuberculosis today, treatment of, 4:13
 urinary retention, new approach to problem of following abdominoperineal resection for carcinoma of the rectum, 7:15
